**Subject:** Fraudulent Prescriptions received

Hi Chris, This is Mike from #1435. I received a call today from CNP Laura DeJulia who works for Meridian Community Care. They fired a nurse today who has been writing fraudulent prescriptions under three different names. Most prescriptions were filled at Walgreens on Meridian Road however 2 Rx's were filled at our store and several at Giant Eagle on Belmont Ave. WE filled a Fraudulent Percocet prescription in June of 2014, and a fraudulent Norco prescription in April 2015. Prescriptions had all the pertinent information on them because the nurse worked at the facility.

Laura DeJulia said the authorities were contacted so I am sure that we will be hearing from someone. I wanted to give you a heads up.

Mike M.
